

ALPINE
HEALTH GROUP LTD

- Impermeable material for optimal safety
- Fluid Repellent
- Low Linting
- Strength & Durability

Deliver excellent barrier and protecting against infection!

INTRODUCTION

Alpine Health Medical provides a comprehensive range of medical and surgical supplies, designed to support healthcare professionals and enhance the patient journey through surgery.

WHAT WE DO

- **Sterile Single Use Medical and Surgical Procedure Packs:**
benefiting hospitals and healthcare clinics with a One-Stop Solution to Surgery.
- **Expert design in the field of Orthopaedics:**
crafting complete solutions for a range of procedures.
- **Dedicated development in Surgical Drapes:**
Alpine Health's disposable drapes have been engineered to champion effective infection control.
- **Surgical Instruments and Consumables:**
certified Alpine Health Medical instruments are made from high grade surgical stainless steel for professional use.
- **Catering for NHS and Private Sector hospitals and clinics:**
for use in operating theatres/ OR, day units, GP surgeries, dental and healthcare clinics, and outpatient departments.
- **Solutions for a range of Disciplines:**
cardiology, dental surgery, general and laparoscopy, gynaecology, minor surgery, neurosurgery, orthopaedics, podiatry and urology.
- **Consulting YOU, with time and consideration to find the best solution for you.**
- **Injecting Bespoke Design and Customised Service to global markets.**

We are here to assist you in providing the quality of care required for modern medical practice.

See what we can do for you. Send us an email at info@alpinehealthgroup.co.uk.

ABOUT US

At Alpine Health , we understand the increasing demand for operational efficiency in a highly pressurised and highly competitive industry in which we are all driven to achieve **operational excellence.**

Alpine Health remains focused on the reformation of pre-packaged medical kits and surgical packs, designed and assembled to avoid waste, **avoid compromise, and promote safety.**

Our rationale is to reduce costs, time and handling for improved operative efficiency, supporting clinicians whilst **enhancing the patient journey through surgery.**

PRODUCTION

You can be confident in our duty to maintain quality without compromise: beginning with our manufacturing partners' sites, with adherence to ISO 9001, ISO 13485 and CE marking requirements, through to stringent quality control, packaging and sterilisation, and onward carriage to our end users. **We want our products to reach you in perfect condition.**

CARRIAGE

Whatever the size and content of your consignment, we have an extensive network of couriers waiting to deliver your goods in time, every time. **We are here to ship your order with due diligence, care and speed.**

CUSTOMER SERVICE

We want to hear from you. Our experienced team provides friendly and professional support. We dedicate time and commitment to working collectively with others to achieve valuable solutions.

Get in touch for a personal consultation: we'll assess your needs and help determine what's most suitable and why; we'll always consider how best to achieve optimum performance whilst weighing cost-effective advantages.

Email us on info@alpinehealthgroup.co.uk, to ask us about what we can do for you.

QUALITY ASSURANCE

Rest assured with support for the QC you need. Quality management is an integral part of our practice, implementing policy and procedure that result in customer confidence and satisfaction.

With a wealth of experience, our expert partners will ensure that effective sterility methods are judiciously applied, whether by Gamma Irradiation or Ethylene Oxide. In addition, we support regular testing for sterility of each of our products.

We'll make sure traceability is made easy; we're working on improving methods of traceability, not only tracking history, but moving forward to make stock control and reordering easy.

EXPORT AND DISTRIBUTION SERVICES

It's a big wide world and we'd like to bring us a little closer together. We have international representatives and distributors operating in areas such as: India; UAE; Bahrain; Saudi Arabia; and the UK. **Get in touch to find out more about your local distributor.**

If you'd like to know more about becoming a distributor of Alpine Health Medical Products, ask for a Distributor's Registration Pack.

Surgical Procedure Packs

- Ready to Use, Sterile, Single-Use Surgical Procedure Packs.
- Specialising in Orthopaedic surgery: crafting Procedure Packs to offer a complete solution.
- Offering surgical solutions across an extensive range of surgical disciplines.
- Our Sterile, Single-Use Procedure Trays are designed to derive optimum efficiency, reducing costs, time and handling.
